Fax: 01584 891595

April 2013

Dear Patient

In 2010 the Department of Health announced a new system that was being introduced across England called the Summary Care Record. This was delayed until now, and as of March 2013 Tenbury Surgery has been upgraded to a Summary Care Record Surgery.

The NHS summary care record is to help deliver better, safer care. Your summary care record is an electronic record of important information about your health. It will be available to authorised healthcare staff providing your NHS care, which means if you have an accident or become ill, the clinicians treating you will have immediate access to important information about you.

Your Summary Care Record contains information about your current medications, any allergies you may have and any bad reactions to medicines.

This system is now operational and Tenbury Surgery would like to ensure that we only allow data to be shared for those who are happy with having a Summary Care Record. Thus we would request that you complete the form below and return it to the surgery giving us updated information regarding your decision on the Summary Care Records.

For further information regarding the Summary Care Record visit our website www.tenburysurgery.co.uk

PLEASE COMPLETE AND RETURN TO THE SURGERY

Name.....

Date of Birth..... Postcode.....

I DO wish to have a Summary Care Record and give my consent to have my records coded for my details to be uploaded onto the National system (Please sign)

.....

I DO NOT wish to have a Summary Care Record and consent for my records to be coded to ensure they are NOT uploaded onto the National system (Please Sign)
